

An aerial view of a large, white, peaked tent structure covering a significant portion of a flat roof. The tent is secured with ropes and cables. In the background, other industrial or commercial buildings with various roof types are visible under a clear blue sky.

**A little care**

**goes a long way.**

Maintenance Care Pack

# Maintenance is key.

Let us take care of your servicing needs.

## Tlc For Your Shade Cover

Nothing looks worse than mould, mildew, and lichen invading your sail or canopy, so we offer a complete maintenance service to deal with these problems after your structure is installed.

This not only keeps the product looking clean and tidy, but it also significantly increases the life of the product.

Like any outdoor item, product or structure, maintenance of your shade sail or canopy is an important process.

## Our service Package includes

- ✓ Mobile crew come to you - no hassle or fuss on your part. We do it all!
- ✓ Structure check for holes, wearing, sags & fraying
- ✓ Removal of shade sails and structures (COLA canopies not included)
- ✓ Three-step cleaning process to ensure your structure looks as good as new
- ✓ Repair of any damage, wear or stretching resulting in sag and flap
- ✓ 24-hour support
- ✓ Maintenance contracts available
- ✓ On completion of service, we can provide a detailed report outlining all structural checks and points covered.

Shade systems has  
annual maintenance  
contracts available,  
let us take care of  
your servicing needs.

**We believe**  
in building for  
the future.

shelter for generations.
